1. The following is an examiner's statement of reasons for allowance: withdrawal of prior art rejection of claims 1-6 in view of applicant's arguments and amendment filed on 10/12/2004 and 12/08/2004. Prior art of the record does not disclose applicant's claimed organic EL display including: a transparent substrate having inner outer surfaces; a transparent electrode; an organic EL layer; a back electrode; and a half mirror disposed on the outer surface of the transparent substrate and at a distance from the organic EL layer to display an image that produces a sense of depth, wherein the transparent electrode is in direct contact with the organic EL layer.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Ikoma et al is cited for showing a general structure of an EL display including a mirror.
